### Como realizar a atualização de firmware

São José, 25 de março de 2021.

#### Ferramentas necessárias para atualizar o Izy Play.

Pendrive formatado com sistema de arquivos FAT.

Versão de firmware disponibilizada pela equipe técnica Intelbras.

Efetue o download do arquivo. O arquivo deve permanecer compactado para atualização de firmware.

Com o produto ligado e na tela inicial, selecione *Configurações* e em seguida *Apps* 

Selecione Ver todos os apps e em seguida, Mostrar apps do sistema.

# Tutorial técnico **intelbros**

Navegue até o final da lista de Apps do sistema e selecione o APP UPDATE e em seguida a opção Abrir.

No APP UPDATE, selecione Select e selecione o arquivo da versão de firmware que deseja atualizar.
